2nd Impeach

Nixon home

FEB 4 1974
opens here

Springfield now has a second Impeach Nixon Home Headquarters, according to a recent announcement by the Impeach Nixon Committee of Evanston.

Michael Kotner of 23 Lansing Drive will open his home to help put impeachment voting pressure on U.S. Rep. Paul Findley, R-Pittsfield, and to make impeachment information available to the public.

Kotner joins Dr. Ronald Ettinger, 18 Hazel Lane, operator of the other home headquarters in the city.

Statewide, the number of such home operations has grown from 56 to 72 since Jan. 21. The Impeach Nixon Committee calls itself the "Midwest coordinating office of a nationwide grassroots impeachment movement."

Home centers are located in at least 22 of the state's 24 congressional districts. Their focus of attention is the securing of votes in the U.S. House for the impeachment of President Richard Nixon.
